

# Cardiac Module

## Recognition and Stabilization of Neonates with severe CHD

**Presented by: Pearl Dahm, RNC, MSN, CNS, NNP**  
**Thursday September 16, 2021**  
**0800-1700**  
Ventura County Medical Center  
Cafeteria- Small Auditorium

In completing this module, the learner will gain an increased understanding of the following concepts:

1. The physical assessment and differential diagnosis of neonates with suspected congenital heart disease (CHD).
2. The anatomic features, clinical presentation, and initial stabilization of neonates with CHD.
3. The modifications in the S.T.A.B.L.E. guidelines that are necessary when caring for neonates with CHD.

### PRE-COURSE MATERIALS

S.T.A.B.L.E./ CARDIAC Module textbooks must be obtained at least one month prior to the course to allow for adequate preparation time. This textbook can be purchased for \$36.95 from Amazon.

Textbooks are not available from Nursing Education.

**FEE: \$25**
